Re: Funding Opportunities for Transportation

Colleagues:

Here is one quick update on a program I just shared with you last week related to transportation. Reach out with any questions any time. Also, **please keep us updated if you are pursuing any federal monies.**

1. [Clean Heavy-Duty Vehicles](#) - updated
 - a. EPA
 - b. "Funding to help Tribal, state, and local governments and other entities offset the cost of replacing heavy-duty Class 6 and 7 commercial vehicles with zero-emission vehicles, deploy supporting infrastructure, and train and develop the necessary workforce. At least \$400 million must go to areas not meeting national air quality standards."
 - c. *This funding round has up to \$932 million, \$400 million of which must serve communities designated in nonattainment areas by the National Ambient Air Quality Standards (NAAQS). R10 does not include any of these areas as far as I can tell.*
 - d. *Municipalities and nonprofit school transportation associations can apply.*
 - e. *Expect to award 40-160 grants ranging from \$500,000 to \$60 million.*
 - f. *Includes two sub programs:*
 - i. *School Bus (70% of funding) - for replacement of school buses.*
 - ii. *Vocational Vehicle (30% of funding) - replacing non-school bus class 6-7 vehicles.*
 - g. *Webinar 4/30 at 1pm MT, [register here](#).*
 - h. **Due 7/25/24**
