

Memo

To: Region 10 Jurisdictions and partners
From: Shay Coburn, Region 10 Grant Navigator contractor
Date: 6.4.2024
Re: Funding Opportunities for Energy Efficiency and Resiliency

Colleagues:

Here are a couple of grants related to Energy Efficiency and Resiliency. Reach out with any questions any time. Also, **please keep us updated if you are pursuing any federal monies.**

1. [Assistance for the Adoption of Building Energy Codes, Round 2](#)
 - a. Office of State and Community Energy Programs
 - b. “These grants will support states and local jurisdictions in adopting, implementing, and enforcing the latest model, zero energy codes, or equivalent codes and standards, improving residential and commercial new construction and retrofits, and transitioning the building stock to more efficient, decarbonized buildings for all.”
 - c. **Concept papers due 6/28/2024**

2. [Waste Analysis and Strategies for Transportation End-uses \(WASTE\)](#)
 - a. DOE
 - b. “Will aid communities with resource and energy recovery strategies associated with their organic waste streams.”
 - c. “Topic Area 1 is focused specifically on helping communities beyond a conceptualization phase by supporting more in-depth feasibility or scoping analysis. Oftentimes, staff and organizational capacity in communities (particularly in rural, remote, Tribal, or smaller communities) is limited. While technical assistance programs can accomplish some of these objectives, direct financial assistance can close this capacity gap.
 - d. “Topic Area 2 is targeted towards communities that have previously completed feasibility analysis and are seeking funding to further refine their project concept. Municipal and non-profit staff capacity and availability of funding often makes detailed design work out of reach for many communities and this topic aims to close that gap. Projects selected under Topic Area 2 will have an opportunity to construct and operate their designed pilot facility based on the down-select process described in the FOA.”
 - e. Award ceiling \$2,000,000, award floor \$750,000
 - f. **Concept papers due 6/19/24, full applications due 8/14/24**
